very **Own Eco-nest...**

Lifestyles we dreamt off now become a reality in our lives. Villas customised by us for you on your plots is what Evernest Prime is all about. No wonder, while the first impression of your holistic nature home is scenic, the second is luxuriously comforting. Starting with your morning coffee in an airy, fragrant sit-out to cosy family lunches in your spacious dining area. Add to it, warm social evenings with friends in an inviting living room to a good night's sleep in a cosy bedroom. There is however one thing every activity shares in common; a breathtaking view from all sides through large open-to-nature windows and doors.

We envision crafting the **"ideal home"** for you, tailored precisely to your desires.

The opportunities for the **utilization of your plot are vast**, and our team of experts is here to enable you to fulfill your requirements when it comes to managing your customizable farm plots. Our dedicated support will guide you every step of the way, and it's worth noting that this is entirely **optional**, allowing you to choose the way you want to use your **half-acre / one acre plot** that best suits your needs.
